# .....MD's Message 2014 .....

In 1992, when JBC was founded by Late Mr. Juma BelRafia and me, we felt limitless enthusiasm for the possibilities in Road Transportation and Logistics in the Middle East. With our company completing two decades in service, it has only reinforced our belief further about the umpteen possibilities in this region. With UAE being chosen as proud winners for showcasing the EXPO 2020, JBC Express Freight LLC, is all set to take a big leap with facility expansions envisaged at Jebel Ali Free Zone, Ras Al Khaimah, Abu Dhabi and Sohar Free Zone (Oman) to venture into newer territories and prepare for greater challenges.

With continuous commitment & support from our stakeholders, JBC has set targets to carve a niche for itself in the Express Logistics industry; a step in the right direction with the signing up of MOU with ETIHAD Rail as strategic Supply Chain partners for their dream GCC Rail network project 2018.

In year 2014, JBC Express Freight aims to enhance

their Lean logistics services, develop better customer trust & innovate across their core business logistic verticals, namely FTL Land Transportation, Warehousing, Custom Clearances, Daily LTL Cargo Consolidation, Express Courier Services and Specialised Project Logistics. This would help JBC to expand their reach & further strengthen/ increase branch network with the aim to ensure that all branches are sustainable and effective in meeting customers complex international logistics needs promptly with "one-stop services" across GCC region.

With a creative and enterprising management team, JBC attributes its success to proactively manage change whilst upholding the values of integrity, service and social responsibility in providing world-class comprehensive JIT supply chain logistics services and sustainable growth to all stakeholders throughout GCC region based on our motto "Always There".

In our journey towards logistics excellence, we target to add feathers to our existing Quality Management Systems (QMS) by upgrading it to Quality, Health, Safety & Environment Management Systems (QHSE) and look forward to receiving everyone's continued support and patronage to achieve set goals and make this journey a memorable one!

Thank you

P K Ayyappan.
